Objective

To obtain an internship position in which I can contribute my IT experience.

Education

University of California, Los Angeles - Los Angeles, CA
Bachelor of Science in Mathematics of Computation, Expected June 2022
GPA: 3.98/4.0

University of California, San Diego - La Jolla, CA
Attended 2019-2020 as a Computer Science Major
GPA: 3.98/4.0
Honors: Provost Honors, all quarters in attendance

Coursework

- Data Structures and Algorithms
- Probability
- Computer Organization

Relevant Experience

Silver Box Technology Company, *Software Testing Engineer Intern* – Hangzhou, China   July 2020 – August 2020
- Tested and reported bugs on the Silver Box System, which provides a restaurant cash register system, catering cash register software, and smart POS services.
- Updated the system to cater for businesses' new demands.
- Learned to develop the "Sweep Order" project, which allows customers to use QR codes to order and pay.

Activities & Leadership

Association for Computing Machinery at UCLA, Member   September 2020 – Present
- Attended workshops in artificial intelligence and machine learning.
- Prepared a project using the knowledge of machine learning. The project will analyze what kinds of pictures will attract more readers for the school's newpaper – Daily Bruin.

Geek Club, *Vice President*   September 2017 – June 2019
- Organized group studies on computer science and programming.
- Taught younger students to write programs and optimize the program structures.
- Worked with teammates to make a portable camera by Raspberry Pi.

Youth Hackathon, *Participant*   July 2018
- Obtained knowledge of machine learning and artificial intelligence.
- Communicated with top executives of tech companies.
- Applied AI technology to make a product demo-a makeup tool-with a coding team.
